Status: *Endorsed by the 1st Academic Board Meeting in July 2004. The revised clause 2.1 outlining the general minimum entrance requirements for degree and diploma applicants has been endorsed by the 18th Academic Board meeting in January 2010.*

1 Introduction

- 1.1 The University seeks to admit all students to its tertiary education programmes that have a reasonable expectation of completing their programme of study successfully, subject to the proviso that the University has the necessary resources to support the number of students on the programme.
- 1.2 The Royal University of Bhutan (RUB) shall provide a system of fair, efficient and transparent admission system to the RUB programme.
- 1.3 The Royal Charter of the University requires the University to admit students on merit and irrespective of religion, origin, sex, sexual orientation or race.
- 1.4 Qualifications for admission to the University will be judged in terms of whether they are:
 - 1.4.1 authentic - the applicant has truly completed what is claimed
 - 1.4.2 specific - that the learning is specific and can be identified and categorized
 - 1.4.3 sufficient - the learning has reached a level to allow the applicant to fulfil the aims and outcomes of the programme
 - 1.4.4 currency - the learning is sufficiently recent to allow the applicant to fulfil the aims of the programme. Where experience from some time previously is referred to in a substantial way, e.g. more than five years has elapsed, the application may be assessed to determine whether the applicant has kept up to date with recent developments in the intended field of study.

2 General Minimum Entrance requirements of the University

- 2.1 The University has general minimum entrance requirements specified by level of programme.

Degree and Diploma : Completed ISC/BHSCE (this by definition includes four class XII subjects one of which must be English), or equivalent qualification. Additionally, if Dzongkha is not included amongst the four subjects it must have been passed at class X. For those applicants who studied outside Bhutan, a proficiency test in Dzongkha will determine their eligibility. The test shall be administered by the RUB. (This requirement applies only to applicants of Bhutanese citizenship.)

Non-Bhutanese applicants to RUB undergraduate or diploma programmes should have successfully completed ISC/BHSCE (or an equivalent qualification). If the

secondary school certification of an applicant is not BHSCE, a proficiency test in English will determine the applicant's eligibility. The test shall be administered by the RUB.

Masters taught programmes A good pass at Honours degree level, a good pass at degree level supplemented with work experience or a professional qualification recognised for professional body membership purposes to be equivalent in academic terms to an Honours degree.

Postgraduate Diploma and Postgraduate Certificate If this is nested in a Master's programme then it requires the same entrance requirements as the Masters programme. Otherwise it should require only a Degree.

Postgraduate **research** programmes; MPhil or PhD To be admitted on an individual basis on the basis of recommendations of two research academics with between them experience of supervising three candidates to PhD completion.

- 2.2 Applicants for full time programmes who are being funded by the Royal Government of Bhutan must fulfill the requirements set out by the RGoB.
- 2.3 Applicants who have qualifications, formal or informal, other than those set out above may be considered for admission, and will be evaluated on the basis of whether they are as well prepared to undertake the programme as are the more 'standard' candidates. The following factors can be taken into account in considering the application:
 - 2.3.1 maturity
 - 2.3.2 other qualifications
 - 2.3.3 an assessment set by the University
 - 2.3.4 a portfolio of evidence of experiential learning.
- 2.4 Individual students may be admitted to a later stage of a programme where they have demonstrably reached the same general standard of educational development as achieved through earlier level(s) of the programme.

3 Specific Programme Entrance Requirements

There will be specific entrance requirements for each programme framed to apply the University general entrance requirements to the particular needs of that programme. They are set at or above the University's general minimum entrance requirements (see section 2.1), and may also include non-academic criteria.
