- 3.2 Perform procurement of goods as per government procurement rules and regulations;
- 3.3 Manage and maintain budget estimates and financial reports for the central store;
- 3.4 Collaborate and maintain networks with other departments within the university/ college and outside;
- 3.5 Evaluate suppliers to achieve cost-effective deals and maintain trustworthy relationships;
- 3.6 Plan timely disposal of unwanted assets using environmentally friendly practices;
- 3.7 Implement technology solutions and automation to streamline procurement control processes;
- 3.8 Develop and implement training programs to ensure compliance with university policies, regulations, and industry standards related to store and procurement management;
- 3.9 Maintain proper record of all the goods and services pertaining to procurement and store;
- 3.10 Participate in relevant forums and perform any other tasks as assigned by the College.

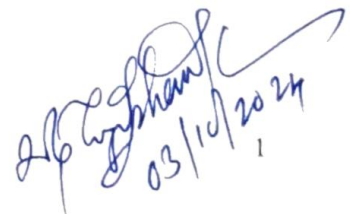

4. SPECIFIC ROLES AND RESPONSIBILITIES:

4.1 Procurement and Receiving

- 4.1.1 Coordinate with management to ensure accurate and timely recording of newly acquired assets;
- 4.1.2 Oversee the receiving process, verifying that received items match purchase orders and packing slips;
- 4.1.3 Place orders to replenish stock avoiding insufficiencies or excessive surplus;
- 4.1.4 Assist University/College tender committee in procurement processing.

4.2 Record keeping and Database Management

- 4.2.1 Utilize procurement/store management software to maintain an up-to-date and organized database of university/college assets.
- 4.2.2 Ensure that all relevant information, such as purchase details, depreciation, and maintenance records, is accurately recorded in the stock ledger/system.
- 4.2.3 Identify and assess potential risks related to store/procurement management, such as theft, loss, or obsolescence.
 - a) Implement strategies to mitigate risks and ensure the security of valuable university/college assets.
